

Miami County Park District Charleston Falls Preserve

Natural Features

- 216 Acres
- 37' Waterfall with observation boardwalk
- Limestone cave
- Redbud Valley
- Thorny Badlands
- Wildlife pond with viewing deck
- Tall grass prairie with covered viewing platform
- 3.74 Miles of trail

2535 Ross Road, Tipp City

This beautiful park is the perfect place to hike and view wildlife. Uncommon plants such as wild columbine, walking fern, purple cliff break and rock honeysuckle grace the limestone faces of the surrounding gorge.

The most unusual feature of this preserve is the unique waterfall. Originating from small underground springs several miles to the east, the stream creating the falls plummets 37' on its meandering journey to the Great Miami River.

Hours

Park Hours

Open 365 days a year from 8 a.m. to sunset.
