- Local or State Park
- University or College
- Parking
- Restrooms
- Mountain Bike Trail / BMX Track

ROADWAY DESIGNATIONS

- Interstate Highways
- U. S. Highways
- Ohio State Routes

Scale: 0 to 4 Miles / 0 to 6 Kilometers

ABCs OF TRAIL USE ETIQUETTE

A. Show courtesy to all trail users – the trails are public space to be shared, trail users should be respected.

B. “Wheels yield to Heels” – Bikes and ‘blades must move at appropriate, safe speeds when sharing the path with walkers.

C. Passing on the trails:

- Pass on the left
- Signal your intent to pass with a bell or calling out, “Pass on your left!”
- The user wishing to pass should be responsible for the safety of the passing maneuver, ensuring their own safety and the safety of users being passed.

D. Pets must be under control at all times. Don’t litter, and remove pet wastes.

DOES YOUR HELMET FIT WELL?

A well-fitting helmet should:

- Sit level on the head
- Isn’t tilted backward or forward
- Has strong, wide straps that fasten snugly under the chin
- Is tight enough so that after fastening, no sudden pulling or twisting could move it around

It should fit snugly and can be fine-tuned by adding thick or thin removable pads inside.

A bicycle helmet should sit low on the forehead, just above the eyebrow.

The buckle should be just under the chin, with about one finger’s width of space between the strap and the chin. The helmet must ALWAYS be buckled.

The two side plastic pieces on the straps should fit just under the ears.

MIAMI VALLEY BIKEWAYS GUIDE MAP

2011 EDITION

PRESENTING SPONSORS

Dayton Daily News

SPRINGFIELD NEWS-SUN

Ohio's Miami Valley area offers an outstanding system of trails and bikeways for its residents and visitors. Over 300 miles of trails stretch across ten counties surrounding the Dayton region.

Trail users travel past museums and monuments, picnic areas and restaurants, and acres of parkland and gently rolling terrain. The trails wind through charming small towns as well as the vibrant downtowns and attractions of Dayton and Springfield.

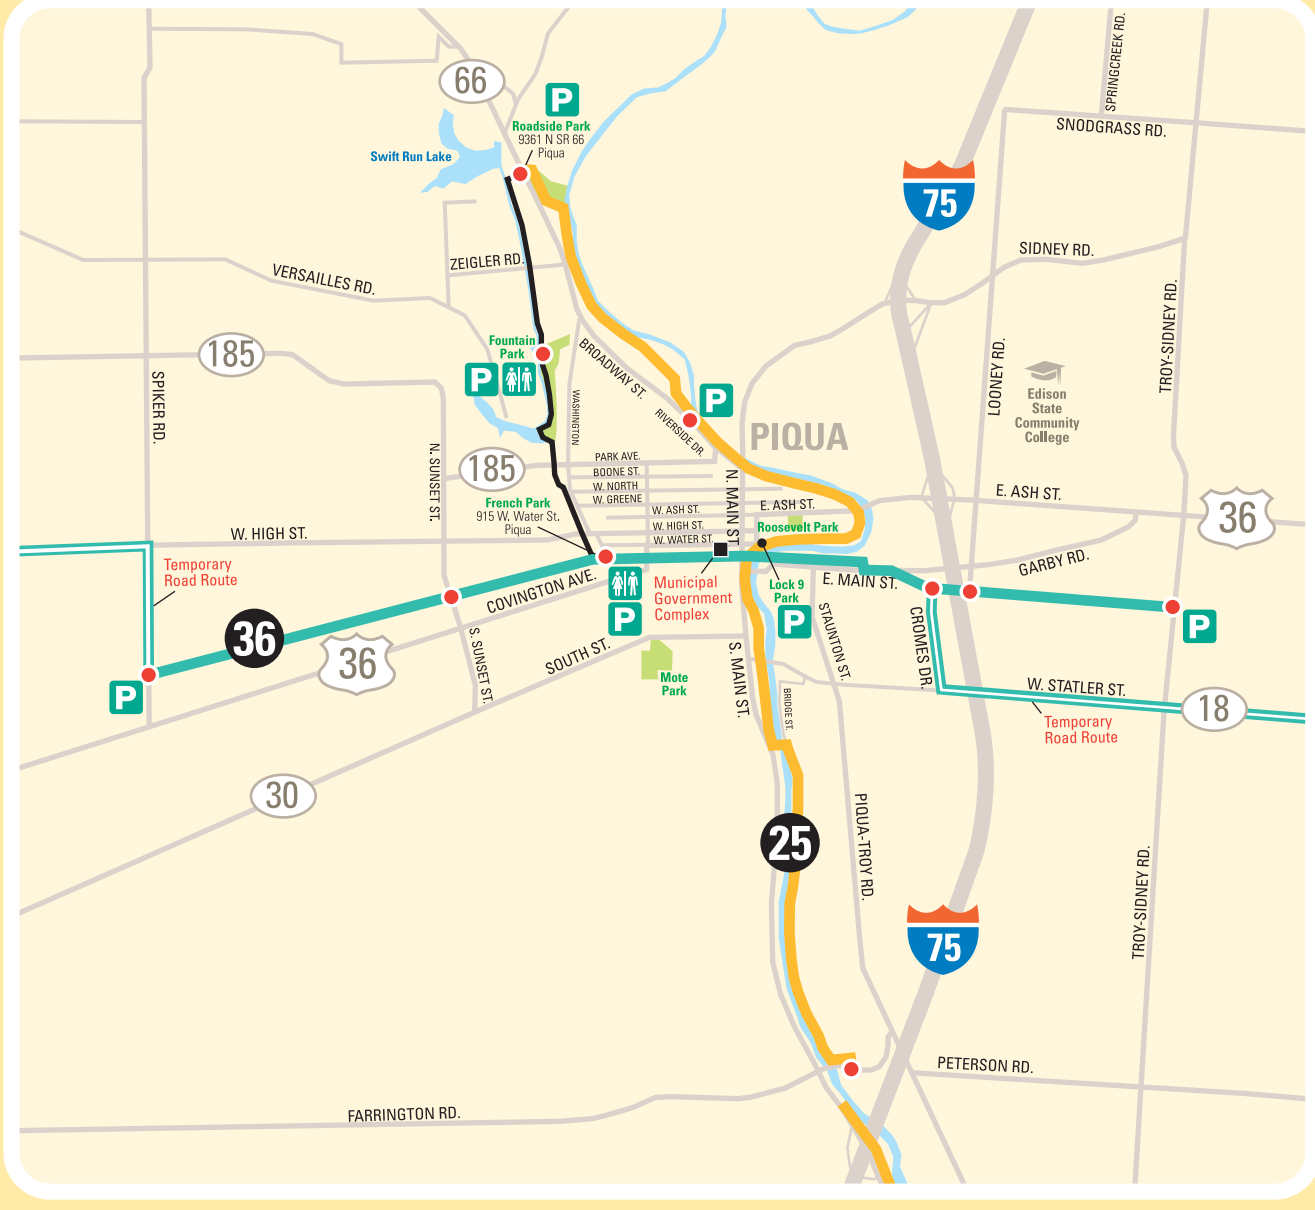

Future plans include continued expansion of the system and connections between existing trails.

DAYTON AND SURROUNDING AREA

In the Miami Valley's urban areas multiple bikeways intersect and connect with shorter community trails, spurs, and shared roadway routes. Use this map as an introduction to the possibilities for bike transportation in the Dayton Region. As your cycling confidence and local knowledge increase, you'll be amazed how many places you can get by "driving your bike!"
