Water Quality

E. coli Levels

Before swimming in Lake Erie, check water quality information at the park entrance kiosk, or contact the Windsor Essex County Health unit at 519-258-2146 ext. 426 or visit: wechu.org

Blue-green Algae

Blue-green Algae can be present in both the marsh and lake, particularly during extremely hot weather. Do not allow pets to drink water from the marsh or lake. If you are concerned about the presence of blue-green algae, please talk to a staff member for information about current conditions. For more information visit: ontario.ca/page/blue-green-algae#/#/

WARNING DANGEROUS CURRENTS

The Tip is surrounded by dangerous currents and undertows. Swimming, even wading, in the water has led to many DROWNINGS. For your safety, DO NOT ENTER the water past the Tip Exhibit Area.

Capture the moment safely - stay on the sand!
